

Jake Cote

I grew up in Stark NH and currently live in Lancaster. I graduated from Groveton High School in 1996

After high school, I worked for Asplundth Tree for 2 years.

Late in 1997 I took a trip across country for a month. After that I worked for Wausau Papers in Groveton. During my time there, I did various jobs and was a Front Line Leader prior to their closing.

I then enrolled in the Surveying Program at White Mountains Community College. I am currently in my senior year. My long term goal is to work for a company until I can open my own business.
