OVER 200
Degree and certificate programs

2020-2021

New Hampshire Community Colleges

Berlin, Claremont, Concord, Keene, Laconia, Lebanon, Littleton, Manchester, Nashua, North Conway, Portsmouth, Rochester

Arts, Humanities, Communications and Design

The Arts and Humanities form a foundation for an array of learning pathways and help students develop a broad understanding of their world and the ability to think critically and communicate effectively. Arts-related programs like graphic design and media technology combine creativity and tactical/technical skills to prepare students for a variety of professions in rapidly evolving fields.

Business

Business programs offer real-world experience and leadership skills to start a successful career in today's professional environment. Our programs prepare students for career opportunities in management, sales, event planning, marketing and much more.

Health Sciences and Services

Healthcare professionals are in high demand in hospitals, medical offices and a variety of other treatment settings. Health Sciences and Services programs offer a wide range of healthcare opportunities, from patient care to medical office careers. Our programs prepare students for careers like nursing, healthcare administration, dental hygiene, paramedic emergency medicine, physical therapist assistant and more.

Hospitality and Culinary

New Hampshire's coastlines, lakes and mountains make the state a popular destination spot. Hospitality and Culinary programs prepare students for professional attainment within the leisure services profession. Begin a career in hotel and restaurant administration, resort management, culinary arts and more, and be part of what attracts so many residents and tourists alike to our beautiful state.

Industry and Transportation

Skilled trades professions like civil engineering, electrical technology, HVAC and many more are among the most in-demand careers in New Hampshire. Professions like these, as well as automotive, marine and aviation technology, offer hands-on learning and attainment of an increasing array of technical skills that prepare students for rewarding professions.

Social, Educational and Behavioral Sciences

Social, Educational and Behavioral Science fields cover a range of professions designed to help individuals and communities through social work, education, law enforcement and more. These programs serve a growing need for teachers and educational specialists, public safety and social service professionals.

STEM and Advanced Manufacturing

The STEM and Advanced Manufacturing fields encompass computer science and information technology, engineering technologies, life sciences and more. These programs prepare students for the modern-day high-tech environment and offer a combination of design, production, technology, mathematics and problem-solving skills.

A = Associate Degree
C = Certificate
A/C = Associate Degree and Certificate offered
