Following the full-campus interviews, the committee will gather feedback to determine which finalists to advance to the Chancellor for consideration. Ms. Lucas and President Lloyd invited trustees to attend the full-campus interviews on April 16 and April 23, and they thanked Mr. Coladarci for his work producing a strategic and well-organized search.

Updates from the Chancellor
Overall enrollment including Running Start has increased four percent, highlighting the importance of CCSNH’s commitment to affordability and tuition stability within an environment of low unemployment and a declining population. CCSNH’s overall enrollment trend is above national and regional averages, while this academic year’s enrollment change excluding Running Start is in-line with regional trend.

Discussion followed regarding effective recruitment and retention strategies. Mr. Calhoun added that the Student Success Committee is currently discussing concerns that Running Start is not enrolling sufficient numbers of socioeconomically challenged/Pell-eligible students.

Ms. Roy-Czyzowski thanked President Huard for her participation in healthcare workforce efforts, reporting that staffing in healthcare continues to decline to dangerously low levels.

Mr. Holloway led a discussion on the impact that marketing by industry leaders can have on attracting students to CCSNH programs that provide them with pathways to employment in those industries.

Honorary Degree Proposal
President Huard presented the candidacy of Mr. Jon Parrish Peede, Chairman of the National Endowment for the Humanities, for an honorary degree at Manchester CC.

VOTE: The Board, on motion of Mr. Holloway and seconded by Ms. Trisciani, voted unanimously to approve the MCC honorary degree as presented by President Huard.

Retreat Follow-Up
Regarding shared services related to enabling operations, President Williams discussed long-term succession planning for financial aid directors approaching retirement that will ensure the services remain in compliance and able to continue supporting all of the colleges.

President Huard and Chancellor Gittell will convene a committee this summer to make recommendations on the sharing of online courses and programs across the seven colleges. The committee will include representatives from the Chancellor’s Faculty Academic Advisory Council (CFAAC), college president(s), VPAAs, Board of Trustees and the system office.

Regarding shared services related to enrollment management, Mr. Ansell reported that CCSNH procured a customer relationship management (CRM) technology tool for student recruitment and admissions.
Chancellor Gittell reported that momentum of Open Educational Resources (OER) continues to grow among CCSNH faculty. CCSNH ambassadors will convene again on April 12 to discuss progress made on the OER courses that will be made available to students as soon as this summer, and an OER task force has been assembled to build the infrastructure needed to support increased faculty adoption of OER. Discussion followed regarding the importance of effective marketing for this initiative.

Mr. Allison provided an update on the increasing momentum of fundraising efforts at the colleges and on the progress of the foundation.

Chancellor Gittell asked trustees to contact him if there are certain shared services or lightning round initiatives that they would like more information on at the next meeting. Discussion on shared service initiatives continues to be held at every presidents meeting.

Mission Statements
Trustees reviewed the system and college mission statements. Lakes Region CC has adopted a new mission statement, as presented to the board. President Baia discussed the process the college followed to change their mission statement, created following the conclusion of the college’s last strategic planning session. Discussion followed regarding the need for college mission statements to reflect the individual colleges.

Ms. Herrick provided a summary of the Audit Committee meeting in March, which provided an overview of audit, compliance, and risk management. Mr. Stevens thanked Ms. Herrick and Mr. Thomas for developing the safety and security report for the board. Mr. Stevens extended an invitation to all trustees for the Halias Symposium at UNH on August 15, which will focus on behavioral health intervention and suicide prevention. The committee will discuss developing an annual plan at the next meeting.

Ms. Lucas stated that the Finance Committee’s areas of responsibilities include financial sustainability, treasury, revenue, expense management, and data collection and analysis. The committee identified three areas to focus on this year: shared services, innovations in class scheduling, and auxiliary expenses. Further discussion was held on the auxiliary expenses that are not self-sustaining, such as childcare centers. On behalf of the committee, Ms. Lucas presented for board approval fee modifications brought forward by the colleges for FY2020 and an amendment to the board finance policy that raises the threshold for committee contract approval to $500,000 or more for contracts already included in the budget as approved by the Board of Trustees. The committee would continue to review and approve contracts that are unusual by complexity or intent, or that cost in excess of $100,000 and were not originally in the budget as approved by the Board of Trustees.

On behalf of the Governance Committee, Ms. Roy-Czyzowski reported that the slate of officers will be presented to the board for approval at the October board meetings. Ms. Roy-Czyzowski led a discussion on the board self-survey, encouraging the CCSNH board to continue administering its own survey that includes input from the presidents, in addition to the ACCT survey that was administered last summer. Ms. Roy-Czyzowski highlighted the need for trustee professional development opportunities, noted that board and committee meeting attendance is critical, and raised concerns regarding the decreased meeting occurrence in the new board and committee meeting schedule. Discussion followed regarding the new schedule and the option for committees and the board to use placeholder meeting dates as needed to conduct business in between scheduled board and committee meeting dates.

Chair Hitchcock provided an update on the Executive Committee, which houses responsibility for the Chancellor’s performance evaluation and will focus on discussion around the budget process and legislative affairs.

Amended Bylaws
Ms. Herrick presented for board approval the amended bylaws and committee charters. Committee charters were constructed to provide more flexibility and adaptability, and the revised bylaws are more consistent with standard bylaw practice.
