Mr. Richard Lavers, Deputy Commissioner of the NH Department of Employment Security, presented to the board on the current state of the NH workforce. To meet the demands of the changing workforce and respond nimbly, it is important that community colleges continue to follow training applications that are being submitted.

Chancellor Huard provided an update on 65x25 goals for CCSNH. The three-year graduation rate, the most common public success measure, continues to increase over time, from 23 percent in 2015 to 33 percent in 2020. Total graduates is a metric that has decreased, and the credits activity decline reflects demographic challenges and declining high school populations. Enrollment is down 12 percent, compared to the national average decline of 23 percent. Current median earnings for graduates are $36,600.

Mr. Johnson joined the meeting at 11:46 am.
