GRADING:

GRADING SCALE:

As this class is offered in a flex-class format, the On-Campus and Online versions will be combined for both grading and assignment purposes.

A	93-100	B	83-86	C	73-76	D	63-66
A-	90-92	B-	80-82	C-	70-72	D-	60-62
B+	87-89	C+	77-79	D+	67-69	F	0-59

INCOMPLETE GRADES:

As a general rule, all coursework must be completed by the end of the semester in which the course is offered. An incomplete grade may be granted to a student, at the discretion of the faculty member, as an accommodation due to unforeseen and extraordinary circumstances when a student has completed and passed a majority of the work required for a course but, for reasons beyond the student's control, cannot complete the entire course.

ASSIGNMENT WEIGHTS/SUMMARY:

Class Activities	10%
Weekly Reflection	10%
Exams (Mid-Term & Final)	20% Each
Marketing Research Group Project	15%
Marketing Project	5% - Drafts/20% Final

Class Activities - Class activities consist of developing THREE QUESTIONS and completing CLASS ASSIGNMENTS.

Three Questions - Students will develop three questions for class discussion based on the reading. These questions should be designed to prompt discussion within the class. All questions should be OPEN ENDED (not YES/NO). **ONLINE STUDENTS are expected to answer two questions from two students each week. QUESTIONS MUST BE SUBMITTED PRIOR TO THE CLASS EACH WEEK AND ARE BASED ON THAT WEEK'S READING.**

Class Assignments - weekly activities related to the course material. Students participating in the activities in class generally DO NOT have to complete them for homework. Online students or those who are absent must complete the assignment(s) on their own.

Weekly Reflection & Observation - Reflection means that students should engage in serious thinking or careful consideration of the topic for each week. A reflection is NOT a summary of topics, rather it is thoughtful consideration of why these topics are important and how they apply to business. A reflection is a SUMMATIVE activity to demonstrate of understanding. You must incorporate an example from an observation of that topic in a business setting. **Students are required to submit a reply to two students the following week.** Further instructions are provided on Canvas.

Mid-Term and Final Exam - These are essay exams. These exams will be open resource. Grading of answers is based on your understanding, analysis, and critical thinking of the topics. All work must be cited.

Marketing Research Group Project – Groups of students will design and implement a small marketing research project. Further instructions provided in Canvas.

Marketing Project, PowerPoint, & Oral Presentation – Students will create a marketing plan based on one of four scenarios using the marketing plan template. This is a RESEARCH project in that students will be required to do the necessary research to prepare the plan using actual data whenever possible. Students will also create a PowerPoint presentation on their paper and prepare an approximately 10-minute presentation for the class. Presentations may be done live - either on-campus or online - or recorded. Further instructions provided in Canvas.

Note: Unless otherwise indicated all assignments must be typed AND checked for spelling and grammar. Points will be deducted from your grade for typos, spelling, and grammatical errors and overall sloppy work.

LATE POLICY:

- Due dates for assignments are listed in the attached class schedule and will be announced in class and/or posted on Canvas.
- Assignments are due on the due date at the time specified. Work submitted beyond the due date (this includes exams, projects, homework, etc.) will be subject to the following point deductions:
 - Late assignments submitted within one week after the due date will receive a 20% deduction.
 - Late assignments submitted more than one week and less than 2 weeks late will receive a 40% deduction.
 - Assignments submitted more than two weeks late or after the final date of the course **will not be accepted.**
- **NOTE: No Late Work will be accepted following the deadline for Week 14.**

Extenuating circumstances are outlined below. If you have particular challenges, please contact me at the beginning of the course. If circumstances arise during the course that will impact your studies, please contact me immediately or as soon as possible.

FAIR GRADING:

Fair and equitable grading reflects values that I am committed to. Grades are used to assess the relative extent to which students achieve the course objectives and outcomes.

Academic freedom allows the instructor (1) to determine course outcomes, within the bounds of established curricula, and the means by which a student's mastery of those outcomes will be evaluated, and (2) to evaluate the quality of work on individual exams or assignments.

Students have the right to challenge evaluations of their work, and hence I am accountable with regard to providing and explaining all relevant grades and grading criteria. Students are allowed to challenge grades respectfully and state their case why a grade should be changed. Changes are made only in the case of error (which happens from time-to-time) and documentation that the criteria was met to a higher level than originally indicated.

Standards for Fair Grading

To achieve fair and equitable grading, instructors shall inform students, in writing, e.g., via a syllabus, of the course outcomes and the means by which student mastery of those outcomes will be determined. Instructors are expected to share this information with students during the first-class meeting and to provide this information, no later than the second class meeting. Alterations to these arrangements will be posted in Canvas and must be designed to minimally inconvenience or disadvantage the students in the course. The grade of a student shall be based solely on the criteria known to all students in the class, and all such criteria shall apply to mastery of stated course objectives and competencies.

Simply put, the instructor cannot offer an alteration to the syllabus unless that alteration or option has been offered to all members of the class. This applies, for example, to extra credit, alternative assignments, and extensions to deadlines. The exceptions are related to extenuating circumstances as outlined above and via documented Disability accommodations from the Learning Center.

TEACHING METHODS:

This course was developed from an "Active and Collaborative Learning" perspective. The active learning approach is based on collaborative, inquiry-based, student-centered approach to teaching, in which students are actively involved in their own knowledge acquisition. The course will be lecture/discussion-based, but highly interactive where students are expected to be highly engaged participants in the discussion.

Material for this course will be presented using multiple teaching approaches: lecture and discussion, exploration and inquiry, field experiences, cooperative group work, demonstrations, role plays, and/or presentations. Students will also engage in a variety of team and individual activities and assignments both in and outside class time.

COURSE EXPECTATIONS:

Reading and Preparation:

- Students are expected to read all assigned material prior to the class session.
- Regardless of whether you are an On-Campus or Online student, there will be out-of-class assignments for you to complete.
- Students are expected to review the slides and any videos prior to class.

Participation:

- **Students are expected to contribute to the class discussion by:**
 - Asking at least one of their three questions
 - Offering comments on topics discussed during class.
- *Simulcast students are expected to have their cameras on during the entire class.*

Communication:

- You are expected to check your college email regularly for any communication from your instructor, peers, or the college. Failure to do so could result in missed information about classes, assignments, etc. Please ask me if you'd like to know how to forward your student email to your personal email.

Professionalism:

- The intent of the business program at LRCC is to prepare students to enter and/or advance in the world of work. Professional behavior is expected at all times.

Cheating/Plagiarism

- No form of cheating or plagiarism will be tolerated. All work is expected to be completed by the registered student only. Anyone caught cheating/plagiarizing will receive a failing grade on the assigned work and/or the course. **DON'T DO IT!**

Zoom Recording:

- We are using Zoom in this course during both On-Campus and Online meetings. These sessions **WILL** be recorded. The State of NH requires that each individual who is being audio recorded must consent to be recorded. This permission is given via the Course Requirements Checklist.

COVID Protocols:

- Follow College and CDC protocols at all time.

It is my hope that this course meets your every expectation as a challenging, engaging, respectful learning experience. If you find this not to be the case, I would welcome the opportunity to address your concerns. This is not only a courtesy, it is a matter of process and procedure outlined in the LRCC Student Handbook. Should we fail to arrive at a mutually satisfactory understanding, you should refer the matter to my immediate supervisor, Carlene Rose, crose@ccsnh.edu.

Note: I reserve the right to make exceptions to any course policy stated in this syllabus due to the extenuating circumstances of a particular student. These exceptions include, but are not limited to, the onset or worsening of a serious or chronic mental or physical health condition, change in significant caring responsibility, family breakdown or the recent bereavement or serious illness of a close relative, being the victim of a serious crime or significant involvement in an on-going court case, a natural disaster, act of terror or conflict affecting the student's school/college, home or close family, approved learning accommodations. Documentation may be required in such circumstances. Work-related issues are generally not considered part of these exceptions.
