COMMUNITY COLLEGE
system of New Hampshire

Dr. Chuck Lloyd, Chancellor

Dr. Chuck Lloyd is chancellor of the Community College System of New Hampshire (CCSNH), a seven-college system serving over 25,000 students annually across the state. In July 2026, the CCSNH board of trustees unanimously voted to name Dr. Lloyd chancellor, succeeding Dr. Mark Rubinstein in August 2026. For more than two decades, Dr. Lloyd has worked within CCSNH at both the system and college levels, in roles spanning student life, student affairs, enrollment management, academic administration and instruction, coaching and leadership research.

From 2017 to 2023, he served as president of White Mountains Community College (WMCC). During his tenure, WMCC was twice recognized as a top community college in the U.S. by the Aspen Institute's Community College Excellence Program and was named a “Great College to Work For” by ModernThink. Dr. Lloyd also secured federal, state, and philanthropic investment that enabled WMCC to acquire and modernize the Littleton Academic Center and relocate its Diesel Heavy Equipment Technology program, expanding access for students statewide.

In 2023, Dr. Lloyd was named CCSNH's vice chancellor. While serving in that role, he was asked in 2024 to concurrently take on the interim presidency of Manchester Community College (MCC) during a leadership transition, where he addressed budget deficits and strengthened relationships with community partners. It was this leadership approach, combined with his deep relationships across New Hampshire, that made him the board's choice to lead the system.

As chancellor, Dr. Lloyd leads CCSNH's strategic direction in fulfilling its mission to provide New Hampshire residents with affordable, accessible, high-quality education and training aligned with the needs of the state's businesses and communities, delivered through an innovative, efficient, and collaborative system of colleges.

Dr. Lloyd holds a Doctor of Education degree with a concentration in Higher Education Administration from Northeastern University in Boston. He also holds a Master of Education in Higher Education and a Certificate of Advanced Graduate Studies in Education Leadership, both from Plymouth State University. He earned a Bachelor of Science from Keene State College (KSC) with dual majors in Teacher Certification and Physical Education, and an Associate of Science from KSC with a concentration in Chemical Dependency. A New Hampshire native, Dr. Lloyd is a graduate of Franklin High School.

Dr. Lloyd has taught courses in leadership, education, and management at the undergraduate, graduate, and doctoral levels, and has coached hundreds of students over the years in intercollegiate athletic programs. He currently serves on the boards of NH Colleges & Universities Council, New England Commission of Higher Education, New England Board of Higher Education, Granite Edvance, and Spaulding Academy & Family Services.

Dr. Lloyd is a Plymouth State University Outstanding Alumni Achievement Award recipient, was named to the New Hampshire Union Leader's "Forty Under 40" list in 2016, and was named to the New Hampshire Business Review's NH 200, a list of the state's most influential business leaders, in 2024.
